

**YOUR TIME TO CARE**

We're convinced you are an important part of our future. Hopefully, we're also a part of your future! At B. Braun, we protect and improve the health of people worldwide. That is our shared vision. In nursing, we work on the big and small needs and concerns of those we take care of. Because you know the practice, you bring medical knowledge and you see people instead of patients, we would like you to work with us to provide them more quality of life, independence and joy every day. Of course, we also see you as a whole person. That's Sharing Expertise. Curious?

"The work experience at B. Braun allowed me a career progression and fulfillment of professional goals."

Mgr. Michal Dušek,  
Head nurse, Czech Republic

"B. Braun is a trustworthy partner, and the work experience here, with the competence of all employees, allows me fulfillment of professional goals in a healthy working environment."

Dr. Elena Vaquero,  
Physician, Spain

"B. Braun is a company that sees the value in every one of its employees and truly appreciates their effort and dedication."

Rowan Nuij, Nurse, Netherlands

# WE HAVE A PASSION FOR PATIENT CARE

WHAT ABOUT YOU?

In more than **380** renal care centers, B. Braun treats more than **30,000** patients in more than **30** countries around the world. Additionally, a similar number of non-dialysis patients are treated in our out-patient facilities. All in all, we have more than **1,000** doctors and **5,000** nursing staff utilizing the latest renal care technology to provide optimal treatments and improve our patients' well-being.

Yes, no doubt, we are one of the world's largest renal care providers. However, one thing is for sure – whatever the future may bring, we will never forget whom we serve: **our patients.**

## CARING IS A FAMILY TRADITION

Our promise is Sharing Expertise. The B. Braun company began with a passion for positive change. To this day, we attract people who express progressive ideas and implement them together with trust, transparency and appreciation. Because all follow the same vision: At B. Braun, we protect and improve the health of people worldwide.

One of the ways we work toward improving lives is through the care we provide in our renal care centers. To do this, we employ and train thousands of highly dedicated nurses, doctors and other medical professionals. As we continue to grow to meet the needs of thousands of patients, we are always on the lookout for qualified clinical staff that share our passion.

Working for B. Braun means working together as a family. Helping each other to grow is an integral part of any family. As an employee in our renal care centers, you receive the training and education you need to do your job well.

Renal care from B. Braun goes beyond the dialysis treatment itself. Putting the patient at the center of everything we do is at the very core of what we are all about.

Of course, we also encourage you to continuously develop your skills and know-how so that you are always the best that you can be.
