CHRONIC WOUND MANAGEMENT PATHWAY

Wound Management is much more than protocols and procedures. Every wound healing success requires discipline, patience and organization.

B. Braun is the right partner for those who challenge barriers of wound healing in any sense.

By providing a comprehensive range of products, B. Braun enables optimal healing for most type of wounds at every phase.

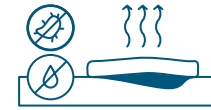

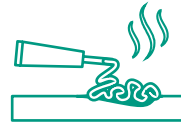

B. Braun offers more than a single product. It offers a unique combination of technologies to focus on and encompass Wound Infection, Exudate Management and Skin Care.

This guide will help you to find the optimal solution towards any wound challenge.

«Fierce as you are».

CHRONIC WOUND MANAGEMENT PATHWAY

MANAGING BIOFILM SUCCESSFULLY⁽⁶⁾ (7) (8) (9)

TREATMENT OF LOCAL INFECTION & ODOURS

EXUDATE MANAGEMENT⁽⁴⁾

SKIN CARE⁽⁴⁾

SOAKING

Prontosan® Wound Irrigation Solution
Irrigation Solution for Biofilm Management

REMOVING

Prontosan® Debridement Pad
Soft Mechanical Debridement

COVERING

Prontosan® Gel
Barrier Gel to prevent Biofilm reformation.

Prontosan® Gel X
Barrier Gel to prevent Biofilm reformation.

INFECTION

Askina® Calgitrol® Ag
Foam with thin silver alginate layer
For flat wounds

Askina® Calgitrol® THIN
Thin silver alginate layer
For cavity and difficult to dress wounds

ODOURS

Askina® Calgitrol® Paste
Wound dressings with broad antimicrobial effectiveness
Conforms closely to the wound bed, helping to avoid any dead spaces

Askina® Carbosorb
Charcoal dressing

HIGH

Askina® Sorb
Highly absorbing alginate dressing

Askina® Foam
Hydrophilic foam dressings

Askina® SilNet
Silicone wound contact layer dressing

Askina® SilNet Plus (EU)
Silicone wound contact layer dressing

MEDIUM

Askina® DresSil®
Foam dressings with silicone adhesive

Askina® DresSil® Border
Foam dressings with silicone adhesive
Additional adhesive border

Askina® DresSil® Sacrum
Foam dressings with silicone adhesive
Additional adhesive border

Askina® DresSil® Heel
Foam dressings with silicone adhesive
Additional adhesive border

LOW

Askina® DresSil® Border Lite (EU)
Foam dressings with silicone adhesive
Additional adhesive border
Thin, discrete & conformable to anatomical contours

PREVENT SKIN DAMAGE

PREVENT PRESSURE

PROTECT

REPAIR

Linovera®
Solution of hyperoxygenated fatty acids
Prevention of pressure ulcer

Linovera® Emulsion
Solution of hyperoxygenated fatty acids
Prevention of lower limb ulcer

Askina® Heel
Hydrophilic foam dressings

Askina® Trachea
Hydrophilic foam dressings

Askina® Barrier Cream
Protectant and moisture barrier

Askina® Barrier Spray & Askina® Barrier Film Swab
Protectant and moisture barrier

Askina® Scar Repair
Soft silicone dressing for scar management

Linovera® Scar Repair
Gel with hyaluronic acid for improved scar maturation
