LANCETS FOR CAPILLARY BLOOD COLLECTION

For people with diabetes collecting blood for blood glucose monitoring is a big part of their lives. To make this as comfortable as possible B. Braun offers Omnican® Lance soft: With its thin and precise tip, the lancet ensures an adequate blood flow at minimized pain level. It makes the blood collection with a lancing device more comfortable and supports a successful diabetes therapy.

## HIGH COMFORT

Lancet is available in two thin lancet tip versions so that you can choose the needle size that suits you most.

## VARIED COMPATIBILITY

Rib design with standard dimensions provides compatibility with numerous lancing devices.

## GENTLE PUNCTURE AND IDEAL BLOOD FLOW

A three-facets tip coated with silicone oil means less penetration force for excellent blood flow.

## STERILITY

Lancet remains sterile as long as protective cap has not been removed.
